

The Power of Odyssey OneSource

People

Attract, engage, and retain highly productive employees by:

- » Improving sourcing, screening, and hiring practices;
- » Designing customized employee training and development programs that enhance productivity;
- » Developing HR procedures that protect employers and improve communication with employees;
- » Providing comprehensive employee benefits and 401(k) plan design and administration;
- » Providing support for employee transitions and separations to minimize employer liability.

Efficiency

Minimize administrative costs and enhance administrative processes by:

- » Reducing employer time spent on administrative HR tasks;
- » Consolidating HR vendors into one efficient, informed partner;
- » Utilizing employment support that expands with a growing business;
- » Implementing best HR practices that eliminate costly mistakes;
- » Managing EEOC compliance, unemployment claims, compensation disputes, and other liabilities.

Growth

Build a more stable, profitable, and valuable business by:

- » Shifting focus from administrative HR tasks to profitable activities that increase revenue;
- » Minimizing exposure to legal actions through expert employment counsel and improved documentation;
- » Partnering with HR professionals to manage compliance with ever-expanding government regulations;
- » Capturing growth opportunities faster and more profitably through a fully scalable HR infrastructure;
- » Aligning people, processes, and performance to increase profitability.

Make the most of your business and grow
